Sorry about the delay, but with Parliament breaking for winter, I will have some time to do some research and will get back to you ASAP.

WANT A BE ITEM

It is interesting when you discuss with people who are arranging the Concert where we are going to perform, the lady from Edithburgh was very enthusiastic for us to perform the Want a be item at Edithburgh. Raylene will manage this, but we will need to practice and we will need someone to replace Barry McAlister, see Raylene.

A LETTER does this "have any connection to you"????????????????

This is how it manifests: I decide to water my garden. As I turn on the hose in the driveway, I look over at my car and decide it needs washing. As I start toward the garage, I notice mail on the porch table that I brought up from the mail box earlier, I decide to go through the mail before I wash the car. I lay my car keys on the table, put the junk mail in the garbage can under the table, and notice that the can is full. So, I decide to put the bills back on the table and take out the garbage first. But then I think, since I'm going to be near the mailbox when I take out the garbage anyway, I may as well pay the bills first. I take out my cheque book off the table, and see that there is only one cheque left. My extra cheques are in my desk in the study, so I go inside the house to my desk where I find a can of Pepsi I'd been drinking. I'm going to look for my cheques, but first I need to push the Pepsi aside so that I don't accidentally knock it over. The Pepsi is getting warm, and I decide to put it in the refrigerator to keep it cold. As I head toward the kitchen with the Pepsi, a vase of flowers on the counter catches my eye they need water. I put down the Pepsi on the counter and discover my reading glasses that I've been searching for all morning. I decide I better put them back on my desk, but first I'm going to water the flowers. I set the glasses back down on the counter, fill a container of water and suddenly spot the TV remote. Someone left it on the kitchen table. I realize that tonight when we go to watch TV, I'll be looking for the remote, but I won't remember that it's on the kitchen table, so I decide to put it back in the den where it belongs, but first I'll water the flowers. I pour some water in the flowers, but quite a bit spills on the floor. So, I set the remote back on the table, get some towels and wipe up the spill. Then, I head down the hall trying to remember what I was planning to do. At the end of the day: the car isn't washed, the bills aren't paid, there is a warm can of Pepsi on the counter, the flowers don't have enough water, there is only one cheque in my cheque book, I can't find the remote my glasses or the car keys. Then, when I try to figure out why nothing got done today, I'm really baffled because I know I was busy all day, and I'm really tired.
