A NEW MEMBER MEET

Peter Geue

He is 76 years of age, and he lives in Murray Bridge. My wife is Aileen, we have been married for 54 years, and have 2 sons and 5 grandchildren, our families both live in NSW, and because of the virus, we don't see them as often

as we would like. I grew up on the family fruit block at Myppolonga where we made a good living from 20 acres of fruit trees. I left school when I was 14 years old to work at home. Sadly the industry crashed soon after, and the property could no longer support us. I took up playing the guitar at 19, and went on to form a guitar band to play with numerous musicians, and I still enjoy playing now. After the sale of the property I worked for an electrical company in Murray Bridge, and went on to become a qualified electrician. During this time our band was playing regularly, and we were making good money. We enjoyed caravanning travel, did a lot of surf fishing at Salt Creek and the Murray mouth. We had a desire to travel and see more of the country, so I applied for a position in NT, we found ourselves at Hermannsburg Mission west of Alice Springs, 3 years there was a great experience for us all. We bought a beat up old Land Rover and most weekends we went exploring the wonderful sights of the MacDonnell Ranges. We then moved to Alice Springs where I worked at Pine Gap for 10 years. During this time we became interested in fossicking, and spent many weekends out bush. We have a fine collection of cut gemstones. We also spent lots of time in the top end chasing Barramundi, caught a few, but never got that big one!! I then started my own electrical contracting found see over page

Invites You

Peter Geue cont.....

work and had time to travel. In 2003 moved back to SA to Wool Bay on York Penn. The idea was to retire, but the locals found out that I was a "sparkie". I found myself almost working full time again. After 6 good years there we came back home to Murray Bridge. So we have both been retired for some time now, but life is almost as busy. With Probus club, local car club (we have a classic 1965 Holden sedan) and being an active member of the Uniting church, and 2 singing groups, we always have something to do. After all the years I have been singing, I have never sung as we do in the Lobethal Harmony club. I am gradually finding my way, and it is hard as I don't read music very well. I have enjoyed being in the club and I am keen to continue. I have been very thankful for the welcome given to me by the choir members. Thanks for your profile Peter. Welcome to the Harmony.

WELL DONE RAY thanks for your singing.
